### 3. Implementation

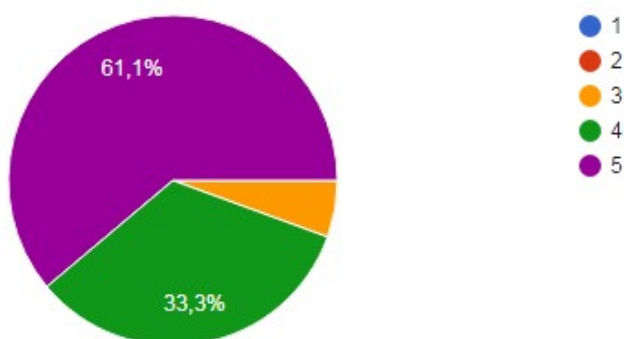

The meeting took place on 4<sup>th</sup> May afternoon and was attended by different teachers, from Agrupamento de Escolas de Pinheiro and other educational organizations belonging to the Educational Community. During the meeting, it was explained to those present what the Hi-class project consisted of, and which final products were produced. The first part of the meeting focused on the importance of the Duty Manager (IO1) and the exploration of the website created for this purpose, paying particular attention to practical activities (IO3). In a second part, in a workshop, some modules created (IO2) were explored, giving to the presents a chance to register and evaluate them.

#### 4. Results of Evaluation

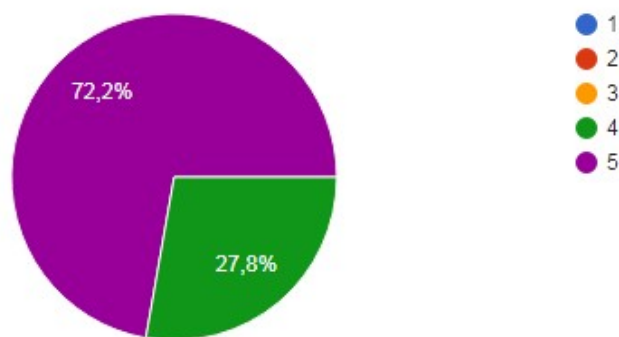

The meeting was attended by 35 teachers, 20 belonging to other organizational institutions, with 30 teachers (10 from the Grouping and 20 from other institutions) showing interest in using the material present on the website of the Hi-class project. In general, they considered the overall organization of the event excellent, and the material provided during the event very satisfactory. The different topics on the agenda were covered and there was a specific room to hold the workshops. They considered the presentations excellent, and the discussions promoted during the different presentations encouraged the participants to share their points of view. In general, the participants considered that the event met their expectations, most noting the importance of creating someone from the schools with a Duty manager profile. In addition, they recognized the pertinence of the different modules created, as well as the different practical activities made available on the website.
